This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

Acerca de este libro

Esta es una copia digital de un libro que, durante generaciones, se ha conservado en las estanterías de una biblioteca, hasta que Google ha decidido escanearlo como parte de un proyecto que pretende que sea posible descubrir en línea libros de todo el mundo.

Ha sobrevivido tantos años como para que los derechos de autor hayan expirado y el libro pase a ser de dominio público. El que un libro sea de dominio público significa que nunca ha estado protegido por derechos de autor, o bien que el período legal de estos derechos ya ha expirado. Es posible que una misma obra sea de dominio público en unos países y, sin embargo, no lo sea en otros. Los libros de dominio público son nuestras puertas hacia el pasado, suponen un patrimonio histórico, cultural y de conocimientos que, a menudo, resulta difícil de descubrir.

Todas las anotaciones, marcas y otras señales en los márgenes que estén presentes en el volumen original aparecerán también en este archivo como testimonio del largo viaje que el libro ha recorrido desde el editor hasta la biblioteca y, finalmente, hasta usted.

Normas de uso

Google se enorgullece de poder colaborar con distintas bibliotecas para digitalizar los materiales de dominio público a fin de hacerlos accesibles a todo el mundo. Los libros de dominio público son patrimonio de todos, nosotros somos sus humildes guardianes. No obstante, se trata de un trabajo caro. Por este motivo, y para poder ofrecer este recurso, hemos tomado medidas para evitar que se produzca un abuso por parte de terceros con fines comerciales, y hemos incluido restricciones técnicas sobre las solicitudes automatizadas.

Asimismo, le pedimos que:

+ *Haga un uso exclusivamente no comercial de estos archivos* Hemos diseñado la Búsqueda de libros de Google para el uso de particulares; como tal, le pedimos que utilice estos archivos con fines personales, y no comerciales.

+ *No envíe solicitudes automatizadas* Por favor, no envíe solicitudes automatizadas de ningún tipo al sistema de Google. Si está llevando a cabo una investigación sobre traducción automática, reconocimiento óptico de caracteres u otros campos para los que resulte útil disfrutar de acceso a una gran cantidad de texto, por favor, envíenos un mensaje. Fomentamos el uso de materiales de dominio público con estos propósitos y seguro que podremos ayudarle.

+ *Conserve la atribución* La filigrana de Google que verá en todos los archivos es fundamental para informar a los usuarios sobre este proyecto y ayudarles a encontrar materiales adicionales en la Búsqueda de libros de Google. Por favor, no la elimine.

+ *Manténgase siempre dentro de la legalidad* Sea cual sea el uso que haga de estos materiales, recuerde que es responsable de asegurarse de que todo lo que hace es legal. No dé por sentado que, por el hecho de que una obra se considere de dominio público para los usuarios de los Estados Unidos, lo será también para los usuarios de otros países. La legislación sobre derechos de autor varía de un país a otro, y no podemos facilitar información sobre si está permitido un uso específico de algún libro. Por favor, no suponga que la aparición de un libro en nuestro programa significa que se puede utilizar de igual manera en todo el mundo. La responsabilidad ante la infracción de los derechos de autor puede ser muy grave.

Acerca de la Búsqueda de libros de Google

El objetivo de Google consiste en organizar información procedente de todo el mundo y hacerla accesible y útil de forma universal. El programa de Búsqueda de libros de Google ayuda a los lectores a descubrir los libros de todo el mundo a la vez que ayuda a autores y editores a llegar a nuevas audiencias. Podrá realizar búsquedas en el texto completo de este libro en la web, en la página `http://books.google.com`

ICCIONARIO PORTATIL,

ESPAÑOL É INGLES.

NUEVO

DICCIONARIO PORTATIL,

ESPAÑOL É INGLES,

COMPUESTO SEGUN LOS MEJORES DICCIONARIOS QUE HASTA AHORA HAN SALIDO A LUZ EN AMBAS NACIONES.

POR C. M.ª Conde GATTEL,

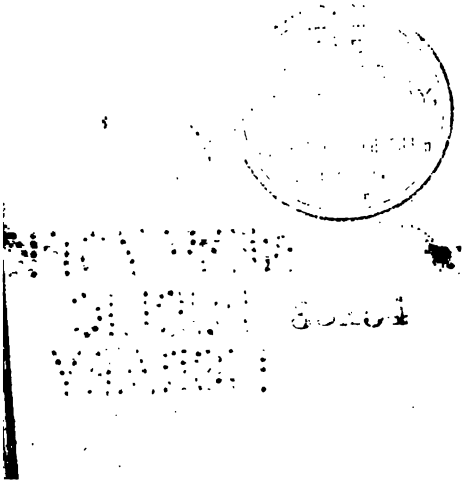
PROFESOR DE GRAMATICA GENERAL.

ESPAÑOL É INGLES.

PARIS.

POR BOSSANGE, MASSON Y BESSON.

XI. — MDCCCIII.



ADVERTENCIA.

GENERALMENTE hablando, ningun Diccionario de Lenguas, aun el mas bien hecho, puede esperar el aprecio y la estimacion del publico por otro título que el de la utilidad que le proporciona.

Rara vez se considera en su autor otra especie de mérito; no obstante que esta clase de obras exige mucho cuidado y trabajo, conocimientos muy extensos, un gusto mas delicado de lo que comunmente se imagina, y que reuna dos qualidades que pocas veces se hallan juntas: á saber la claridad y la precision. Todo esto es aun mas necesario en un Diccionario manual, que por su mismo destino no admite las explicaciones que los demas Vocabularios; y que debiendose ceñir á los mas estrechos límites, es preciso que exprese el significado de cada palabra con otra: y si esto no puede ser, que lo haga por una definicion la mas breve, lo que no es siempre facil de componer con la claridad.

Esta dificultad, que solo conocen bien los que trabajan en superarla, da derecho á la indulgencia de los lectores. Y en quanto á mi, aunque no me lisongeo de haberla vencido totalmente, puedo asegurar que no he omitido diligencia ni eficacia para conseguirlo. Con esta mira me he valido *de todos los* auxilios que podian serme utiles. *He consultado las fuentes mas* acreditadas, y me he fundado sobre

las autoridades mas bien establecidas para asegurarme de la exactitud y merecer la confianza.

Mi guia, en quanto al Ingles, ha sido el Diccionario manual de *Nugent*, que es la primera obra que se ha publicado de esta especie, sirviendo de modelo á todos los posteriores, y que al mismo tiempo es uno de los mas justamente estimados. Tambien me he servido de la ultima edicion del grande Diccionario Ingles y Frances de *Boyer*, del Diccionario Ingles de *Sheridan*, del de *Ash*, y aun del de *Jonhson* quando las circunstancias lo han exigido.

En quanto al Español, me he servido con preferencia del Diccionario Español y Frances que yo publiqué en 1790: el qual, por lo que hace á la primera de dichas lenguas, fue fielmente extractado del de la Real Academia Española; á quien sin embargo he recurrido siempre que se ha presentado alguna duda que aclarar, o alguna omision que suplir.

Por lo demas, este Vocabulario Ingles y Español casi puede decirse el primero que se ha publicado; pues á pesar de la eficacia de algunos lexicographos en seguir el util exemplo que les dió *Nugent*, aun no se ha publicado un Diccionario de estas dos lenguas, pudiendose decir, sin separarse mucho de la verdad, que no le habia. El de *Stevens*, compuesto mucho antes del establecimiento de la Academia Española, puede servir de poco; pues sobre ser muy incompleto, se opone, como tan viejo, á la Ortografia, y á los principios de la Syntaxis y de la pronunciacion establecidos por la citada Academia. *Pineda, que siguió á Stevens*, no ha hecho sino mutilarle, y añadir *á sus yerros, que ya* eran muchos, la falta grave, inexcusable y aun

temeraria, de apartarse de intento del systema gramatical de la Academia, pretendiendo subrogar su autoridad propia en lugar de la de un cuerpo de literatos especialmente ocupado por instituto en estudiar su lengua, y en perfeccionarla, como felizmente lo ha conseguido.

A estos dos lexicographos se siguio *Delpino*, cuyo Diccionario Ingles y Español, mas conforme á los verdaderos principios que los de sus predecesores, fue despues corregido y aumentado por *Baretti*. La obra de este ultimo en un tomo en fol. pareció en Londres en 1778, y fue reimpresa en Leon en dos tomos in-4°. en 1786, baxo el titulo supuesto de Londres. Pero a pesar de las numerosas adiciones y correcciones, que dice el autor habia hecho al Diccionario de *Delpino*, el suyo es tan incompleto é inexacto, que se debe mirar como guia poco segura, y casi siempre insuficiente (1).

Aunque el Diccionario que ofrezco al publico està reducido á un volumen mucho menor, me parece poder asegurar, que es muy superior á todos los mencionados, tanto por su mayor fidelidad y correccion, como porque comprehende una nomenclatura infinita-

(1) Ademas de los Diccionarios Ingles y Español, y Español é Ingles que acabo de mencionar, he sabido que habia uno recientemente impreso en Madrid, en 4 tomos en 4to. compuesto, por *Thomas Connelly* y *Thomas Higgi*[illegible] profesores de la Familia Real. No habiendolo tenido en mi poder, me [illegible] sido imposible de juzgarlo, y siento infinito que la dificultad de comunicacion entre las dos naciones, *respeto al comercio de libros*, me haya imposibilitado de sacar de *esta importante obra los auxilios que* segun todas apariencias, me hubiera ofrecido.

mente mas completa. Yo me creeré dichoso, si, como me lo he propuesto, puedo con esta obra contribuir á facilitar y extender la comunicacion entre dos pueblos estimables, poco separados por su situacion geografica, pero aun mas reunidos en varias partes del globo por sus relaciones politicas y de comercio.

Lista alfabética de los nombres propios de hombres y mugeres en Español é Ingles con sus acentos.

Demit. . . .	demitted.
Demur . . .	demurred.
Deter	deterred.
Dig	digging.
Dim.	dimmed.
Din.	dinned.
Dip.	dipped.
Disannul . .	disannulled.
Discounsel.	discounselled
Disenthral.	disenthralled.
Dishevel. . .	dishevelled.
Disinter. . .	disinterred.
Dispel. . . .	dispelled.
Distil. . . .	distilled.
Dog.	dogged.
Dod.	donned.
Dot.	dotted.
Drag	dragged.
Dram. . . .	drammed.
Drib.	dribbed.
Drip.	dripped.
Drivel. . . .	drivelled.
Drop	dropped,
Drup	drubbed.
Drum. . . .	drummed.
Dub.	dubbed.
Duel	duelled.
Dun.	dunned.
Embar . . .	embarred.
Embowel. .	embowelled.
Emit	emitted.
Empannel .	empannelled
Enamel. . .	enamelled.
Englut . . .	englutted.
Enrol. . . .	enrolled.
Entrap . . .	entrapped.
Equal. . . .	equalled.
Equip. . . .	equipped.

Excel. . . . excelled.	Hap . . . . . happed.	Lag . . . . . lagged.
Expel. . . . expelled.	Hatchel. . . hatchelled.	Lip. . . . . lipped.
Extil . . . . extilled.	Hem. . . . . hemmed.	Lob. . . . . lobbed.
Extol. . . . extolled.	Hip. . . . . hipped.	Lop. . . . . lopped.
Fag. . . . . fagged.	Hit . . . . . hitting.	Lug. . . . . lugged.
Fan. . . . . fanned.	Hitchel. . . hitchelled.	Mad. . . . . madded.
Fat. . . . . fatted.	Hop. . . . . hopped.	Man. . . . . manned.
Fib . . . . . fibbed.	Hovel. . . . hovelled.	Manumit . . manumitted
Fig . . . . . figged.	Housel . . . houselled.	Map. . . . . mapped.
Fin . . . . . finned.	Hug. . . . . hugged.	Mar. . . . . marred.
Fit. . . . . fitted.	Hum . . . . Hummed.	Marshal. . . marshalled.
Flag. . . . . flagged.	Hyp. . . . . hypped.	Marvel . . . marvelled.
Flam . . . . flammed.	Jam. . . . . jammed.	Mat. . . . . matted.
Flap. . . . . flapped.	Japan. . . . japanned.	Miscal. . . . miscalled.
Flat . . . . . flatted.	Jar. . . . . jarret.	Misinfer . . misinferred.
Flit . . . . . flitted.	Jet. . . . . jetted.	Mistel . . . mistelling.
Flog. . . . . flogged.	Jig . . . . . jigged.	Mob. . . . . mobbed.
Plop. . . . . floopped.	Immit. . . . immitted.	Model. . . . modelled.
Fob. . . . . Fobbed.	Impel. . . . impelled.	Mop. . . . . mopped.
Forbid. . . forbidding.	Inclip. . . . inclipped.	Mud. . . . . mudded.
Forerun. . . forerunning	Incur . . . . incurred.	Nab. . . . . nabbed.
Forestal. . . forestalled.	Infer . . . . inferred.	Nap. . . . . napped.
Foretel . . . foretelling.	Inship. . . . inshipped.	Net. . . . . netted.
Forget . . . forgetting.	Instal. . . . installed.	Newmodel. newmodelled
Fret. . . . . fretted.	Instil . . . . instilled.	Nib. . . . . nibbed.
Fub. . . . . fubbed.	Instop. . . . instopped.	Nim. . . . . nimmed.
Fulfil. . . . fulfilled.	Inter . . . . interred.	Nip . . . . . nipped.
Fur. . . . . furred.	Intermit. . . intermitted.	Nod. . . . . nodded.
Gab. . . . . gabbed.	Inthral . . . inthralled.	Nousel . . . nouselled.
Gad. . . . . gadded.	Intromit. . . intromitted.	Nut. . . . . nutted.
Gag. . . . . gagged.	Inwrap . . . inwrapped.	Occur. . . . occurred.
Gambol. . . gambolled.	Job . . . . . jobbed.	Omit . . . . omitted.
Gem . . . . gemmed.	Jog . . . . . jogged.	Onset. . . . onsetting.
Get. . . . . getting.	Jug. . . . . jugged.	Overbid. . . overbidding.
Gip. . . . . gipped.	Jut . . . . . jutted.	Overget . . overgetting.
